

PROTEST

PROTEST THE MURDERS OF BUCK AND CRAIG BY STRESS

(Two young brothers who were shot to death Friday Sept, 17th by a trigger-happy policeman)

**CLOSE
the
PLANTS**

**CLOSE
the
Schools**

THE

ATTICA PRISON MASSACRE

We must call a STATE OF EMERGENCY in the black community. All plants, schools and places of work must close to protest the inhuman slaughter of black people and political prisoners around the country.

We have witnessed the murder of two Black teen-age boys at the Northend Family Center, by two Mad-dog killers of Detroit's STRESS Unit. Not so long ago we witnessed the murder of George Jackson at San Quentin. We know from our experience how blacks are treated in Wayne County Jail. And now Attica, where 30 black brothers were murdered and hundreds more starved, can be added to the list of the State's crimes against our people.

Last week over 1000 black prisoners organized to shut down the maximum security block of Attica prison in New York. They called for a stop to the physical brutality, the racist treatment, and the economic exploitation that put them in prison and that was systematically killing them.

They also called for passage out of the United States because they knew that the conditions in Attica were produced by the American system itself.

Monday morning, Sept. 13th, the system responded and murdered them for their revolutionary spirit. 30 black prisoners were slaughtered by Nelson Rockefeller, governor of New York and leader of his own financial empire. Here in Detroit's Wayne County jail there was a raid and prisoners were beaten to repress any likelihood that the same thing would happen here.

We Black workers, mothers, students-the entire black community- must stop our work, come out of the plants and off the job to show our indignation in this silent march. This date is important because Nixon will be in Detroit to talk about the wage freeze. He will be developing the economic component of the oppression that Rockefeller enforced in a brutal military way on the prisoners at Attica.

Last week, racist whites in Pontiac, Michigan closed down a General Motors plant to protest the bussing of children to school. This week Black workers, students and community leaders close down the City of DETROIT at 12:00 noon on Thursday September, 23rd, to protest the slaughter of our people.

Community organizations, people's associations and all supporters of the silent march are calling for us to join them. Sponsoring organizations calling for this march:

LABOR DEFENSE COALITION

BLACK WORKERS CONGRESS

WOLVERINE BAR ASSOCIATION (Black Lawyers)

GUARDIANS OF MICHIGAN (Black Policemen)

AND OTHERS

**RALLY AT:
12: NOON**

**JOIN THE SILENT PROTEST MARCH,
THURSDAY, September 23rd from Cass Park**

(Directly Across The Street From the MASONIC TEMPLE)
