Mayor Jerome P Cavanagh  
City of Detroit Mich

Dear Mr Cavanagh -

I urge you to sign the "Stop and Frisk" law. It is not safe for us to walk on the streets of the City of Detroit even in broad day light. Haven't you heard long enough how people are bludgeoned on our streets. The streets of New York would certainly be worse without the stop and frisk law. How can you prove to the contrary.

Our police need the protection of the stop and frisk law as well as the general run of citizens do.

Do not disappoint us any further.

Sincerely  
(Miss) Vera Schulte
