

At Approx 3:05 A.M., while returning to the station with another prisoner, Francis Jones 1/27 of [REDACTED] when we observed a known Prox, Cynthia Scott 1/21, of [REDACTED] walking on John L in Company with a 1m, who we thought to be a "john". The girl had a hand full of paper money. We pulled left wheel to curb to investigate the pair, and Told the girl she was going to jail for Ino Lar fr Rev.

The "john", Later identified as Charles Marshall 1/21, [REDACTED] started to Argue, stating that this was his girlfriend and that we had no right to lock her up. At this time I got out of the Car and went over and talked to Mr Marshall in order to Allow Patrolman Spicker to get the girl to the Car.

As he got the girl to the Car and she start to enter same, she suddenly backed out and swung at Patr Spicker. She then ran past Patr Spicker, Around the Car and Across the street. Patr Spicker Caught up to her and she turned and swung at him again with a knife (This is first I saw of knife)

I then ~~backed over~~ ran to Car and Cal for help over Radio. E

As girl ran past the officer he fired shots. The girl slowed and started to turn and the officer fired a third time. The girl then fell to ground. I then ran up to girl and as I attempted to take the knife from her hand she swung with the knife at me, Cutting through my left sleeve. I then put my foot on her wrist and took the knife from her hand -
