SEE ATTACHED REPORT

I, Edward S. Zawadzki, M.D., CERTIFY THAT I PERFORMED
THE AUTOPSY ON Cynthia Annette Scott Brady, DECEASED,
AND THAT THE ATTACHED DESCRIPTION IS CORRECT AND ACCURATE. IN MY OPINION THE CAUSE OF DEATH
IS: Gunshot Wound of Heart

THE FOLLOWING DIAGNOSES CAN BE MADE ON THE BASIS OF THE ATTACHED DESCRIPTION:

- ① Gunshot wound of right side of back - $\frac{1}{4}$ " diam - 21" from top of head & $2\frac{1}{4}$ " to right of midline of back directed from right to left and slightly upward passing through thoracic spine, left lobe of liver, diaphragm, apex of left ventricle of heart & gashed file in pericardial sac
- ② Gunshot wound of right flank - $\frac{1}{4}$ " x $\frac{1}{2}$ " oval diam 12" below supra-sternal notch & 8" to right of midline of abdomen directed thru lumbar muscles & leaving body at exit wound ③
- ③ Bullet exit wound - $\frac{1}{4}$ " diam - 27" from top of head and 1" to left of midline of back
- ④ Abrasions of left forearm & elbow ⑤ Appendectomy Scar, R12 of abdomen ⑥ Massive hemithorax, left

I CONCUR IN THE ABOVE FINDINGS AND THE ATTACHED DESCRIPTION, HAVING PERSONALLY WITNESSED THE DEMONSTRATION OF THE ABOVE FINDINGS:

- ⑦ Hemopericardium + cardiac tamponade ⑧ Minimal hemoperitoneum SIGNATURE: _____
- ⑨ Chronic pelvic inflammatory disease SIGNATURE: _____
- ⑩ Abdominal adhesions
