The Honorable Coleman A. Young
City County Building
2 Woodward
Detroit, Michigan

Northwestern High School is a centrally located inner city school. Its campus is composed of 3 old buildings badly in need of repair and 2 new buildings. The campus ramble from Grand River and Grand Blvd. to Lawton.

Northwestern is 99.8 percent black.

Our school should look much better, whether old or new. We simply have to make the best with what we have. The campus would'nt look so bad if it had decent grass, flowers, shrubries and trees.

2.

The Keep Northwestern Beautiful committee will do the labor, but we do need the materials. A beautiful Enviroment stimulates pride, and this is what we want here at Northwestern High School.

We are asking the City of Detroit for the cooperation on beautifuing our enviroment.

Thankyou,

Eric Antonio Triplett
