

MAD DOG KILLERS!!

Before the Black community goes off half-cocked as to the reasons why these STRESS Storm-Troopers along with the rest of the Detroit Police Department are kicking down doors, threatening and killing anyone who comes between them and their prey Mark Bethune, John Percy Boyd, and Hayward Brown, we should first understand some things.

First we should not assume as police commissioner John Nichols seems to have done that the men Mark Bethune, John Percy Boyd, and Hayward Brown committed these crimes or for that matter, are anyway connected with them. THIS MUST BE PROVEN IN A COURT OF LAW, NOT A T.V. PRESS CONFERENCE.

Secondly, we should not assume that the information we receive from the news media is correct, especially since we have only heard one side. STRESS's side.

We do not really know if the men who are accused of killing these STRESS officers were fired on first or not. Therefore, we do not know if they were acting in self defense or not. This can only be brought out in a court of law.

As of now, since their guilt has not been proven in a court of law "we of the Black community demand an immediate apology from Commissioner John Nichols for calling our sons, brothers, and husbands MAD DOG KILLERS. We will except nothing less than a televised apology NOW!

Who's calling whom

HEROES OF THE PEOPLE

Mark Bethune, John Percy Boyd, and Hayward Brown are "Heroes of the People". They were involved in "KWAZI". The work of ridding our community of the drug traffic. Their encounter with STRESS on Dec. 4, 1972 happened while these brothers were involved in "KWAZI"

The police department has openly boasted their knowledge of the locations of all the Dopehouses in the city. These brothers were involved day to day in identifying and removing Dopehouses from our community. Work that the police department has refused to do.

The police say "the Dope man has rights too!" And therefore, they cannot stop Dope traffic unless they have iron-tight cases against the Dope man. But the people in the U. of D. area and the people in the Chicago-Shafer area had no rights that the wild pigs had to respect; homes were broken into, illegal searches, attacks, brutality and even torture performed at gun point while police used search and destroy tactics trying to locate three men involved in a skirmish with a STRESS PATROL protecting Dopehouses.

STRESS supercedes the Tactical Mobile Unit (TMU) and the Precinct Support Unit (PSU) as the primary police unit used to kill and intimidate the Black and oppressed masses of Detroit. Both TMU and PSU still exist, but now STRESS "sets up" the Black community, killing Black People and using TMU and PSU personnel as support troops. STRESS is DPOA.

STRESS is the Dope man !!

The formation of STRESS in 1971 marked a new high in the efforts of the government to control Black People. STRESS's job was to make the streets safe. STRESS's tactics are terror, murder, intimidation and brutality. In less than fourteen months STRESS has murdered "13" Black People and has just murdered a 57 year old Black man while breaking into his home. STRESS has always been an enemy of poor Black People. STRESS's creation and tactics caused immediate protest from the Black community to the police commissioner and mayor, asking them to end STRESS because of its tactics. The government's response has been to institutionalize STRESS and enlarge it to include all plain clothes operations. The courts have refused to rule on the legality of STRESS.

These Brothers should have the total support of the Black community. They have involved themselves totally as "servants of the People", they are involved in "KWAZI" and have carried the struggle against Facism to its logical step. The police have begun to respond to the Black community with constant terror day in and day out. "The gun has become the law. We must disarm the police or we will be enslaved by the gun forever. We must refuse to allow armed policemen in our neighborhoods. Don't be fooled! This is no easy job. This is war!!! STRESS IS THE ENEMY!!!

"An unarmed people are slaves, or subjected to slavery at any given time."
