MAYOR'S OFFICE

Mayor Cavanaugh:

We saw you on the T.V. news broadcast tonight. What in the world is the matter with you that you would even consider vetoing a "STOP AND FRISK LAW?" Have you completely disregarded the rights and protection of the good citizens? If a good citizen has nothing to hide, he would not object to being stopped and frisked.

Does something have to happen to you or your own family to make you use your head instead of worrying about your own selfish interest - getting more votes from the undesirables and troublemakers who, fortunately for us, are in the minority group?

We as Native Born Detroiters and high paying taxpayers are absolutely ashamed of our City as it is being run under your administration. We have never had so much crime and corruption. It makes us sick to think that originally we voted for you and had high hopes for you as a good Mayor who would make our streets safe for all and make Detroit a beautiful City of which we could all be proud. We and thousands more have sure changed our minds about you.

STOP CRIME HERE AND NOW and don't continue to sanction it and molly-coddle criminals. Start protecting us citizens and make Detroit a safer place and one to be proud of once again and I am sure that that will make you a lot more popular with the good people of YOUR City.

Disgusted Citizens,

Mr. & Mrs. George Scott
